EDUCATION

Banasthali Vidyapith

Bachelor of Technology in Computer Science Engineering   **2020- 2024**

CGPA: 8.67/10

COURSEWORK /SKILLS

- Data Structures & Algorithm
- Operating Systems
- OOPS

- DBMS
- MySQL
- MONGODB

- JAVA ,SpringBoot
- HTML , CSS, REACT
- Machine Learning

PROFESSIONAL EXPERIENCE

Project Intern   **Jul 2023 - Dec 2023**

C-DAC ,PUNE

- Developed a topic modeling solution using the Non-Negative Matrix Factorization (NMF) algorithm.
- Integrated machine learning models within a web-based environment using Python.

PROJECTS

UNVEILING THEMES   **Nov, 2023**

C-DAC ,PUNE

- Designed and developed a responsive web application using HTML, CSS, and Python.
- Developed a topic modeling solution using the Non-Negative Matrix Factorization (NMF) algorithm.
- Integrated machine learning models within a web-based environment using Python.

Online Khadi Store   **Apr, 2023**

Banasthali Vidyapith

- Designed a user-friendly interface using JSP (JavaServer Pages) for dynamic content rendering.
- Developed server-side logic using Java, handling business operations such as product management, user authentication, and order processing.
